Program Report

Date: 15-07-2015

Title of the Event	A two day faculty development program on **"Recent Innovations in Geotechnical Engineering"**
Resource person Name :	Dr.M.Srinivas, Principal, Helapuri Institute of Science and Technology, Eluru.
Duration :	2 days (13-07-2015 to 14-07-2015)
No. of Participants :	16
Description :	Geotechnical engineering mainly using a variety of instruments for geotechnical exploration comprehensive renovation and transformation, and its main research subject is the rock and soil in which the rock in the course of geological changes in the formation of a variety of more complex structures and environmental stress. In different geological and natural environment of rock and soil, main purpose of geotechnical engineering manipulation necessary to maintain stability, and avoid the overall imbalance. Geotechnical engineering in a wide variety of construction technology, which has a hidden underground construction technology, which mainly refers to the continuous wall and pile foundation construction technology in loess region, in both the construction techniques, not only the construction site completely hidden in the ground, which the construction methods and procedures are also covert. Construction workers and environment is complex. Human factors and environmental factors that affect the construction of the main reason

for construction workers, more jobs geotechnical engineering, construction workers on site intensive, personnel-related pre-construction preparation work great. Therefore, the construction and construction environment is complex.

Event Picture:

Course Objectives:

1. Apply the basic principles of sciences and engineering to analyse geotechnical problems
2. Analyse and design geotechnical structures

Course Outcomes:

1. Carry out Geotechnical investigations, testing and analysis for civil infrastructure projects.
2. Identify Engineering solutions to problematic grounds

About CoreEL Technologies

CoreEL Technologies(I) pvt,Ltd, CoreEL is a customer Application specific products & solutions company Offering intellectual property(Ip) Hardware, software& Engineering services to customers, enabling them to Design Manufacture and Market world class electronic Products. The portfolio of offerings include IP cores, System Design ,Architecture, validation, sustenance, Prototype Manufacturing, Next-Gen products, Semiconductor solutions& Distribution of EDA tools & COTS products. CoreEL was founded in 1999 and is an ISO 9001:2008 certified headquartered at Banglore India.

CoreEL University Program

CoreEL University program provides ECO-System support To Indian Academia in Engineering Higer Education, in The field of Embedded systems providing state of the art Products from XILINX, MENTOR Graphics, MATLAB, VxWorks,Analog Discovery kit, speed goat(RCP&HIL) ANYSYS. PCB Design Tools from Mentor Graphics etc., to Universities with multilayer application engineering. Support on these products, Faculty & Student training.

Objective of the Course

After the completion of this training program the Participants will be able to :

- ✓ Understand why FPGAs/SOCs are preferred over DSP'S to address high-performance DSP design Implementations.
- ✓ Describe the basics of system modeling using Simulink
- ✓ Model and simulate a system model using Simulink/System Generator
- ✓ Identify the solutions from Xilinx DSP design flow For addressing image, audio and signal processing Applications.

Course Content

Day 1 :

Morning Session

- Need of FPGAs/SOCs for addressing high performance DSP Designs.
- Introduction to Xilinx vivado system Generator for DSP
- Concepts of system modeling using simulink
- Concepts of Hardware co-simulation using system Generator DSP

Afternoon Session

- **Lab1 :** Getting started with simulink
- **Lab2 :** Creating a 12x 8 MAC Using the system Generator For DSP
- **Lab 3 :** Hardware co- simulation of FIR filter using Zynq Evaluation platform.

Day 2 :

Morning Session

- Addressing signal ,video& Image processing applications Using Xilinx FPGAs/SOCs
- Real- time video , Image, audio and signal processing Applications

Afternoon Session

- **Lab 4 :** Converting MATLAB code into HDL and Implementation on ZedBoard.
- **Lab5 :** Real Time Image processing demo using ZedBoard.
- **Lab6 :** Real Time Video processing demo

Eligibility

Faculties from AICTE approved Engineering Colleges With relevant background .candidates from industries And R& D Organizations will also be considered. PG Students in related discipline are also eligible .

Registration

All the participants have to pay the registration fees on spot at the venue. Participants should send the scanned copy of the dully filled application form should reach on or before 9th **sept 2015** to **srkecehod@gmail.com.**

Faculty - Rs. 300/-

PG Students - Rs. 200/-

TWO DAYS WORKSHOP ON "Real Time Signal & Image Processing Using Xilinx Vivado and Zynq – 7000 Soc"

Program Report

Date: 14-09-2015

Duration: 2 days(from 11-09-2015 to 12-09-2015)

The Departments of Electronics and Communication Engineering and CoreEL Technologies jointly organized a Two-day Faculty Development Program on "Real Time Signal & Image Processing using Xilinx Vivado and Zynq- 7000 SOC" from 11-09-2015 to 12-09-2015. The Resource Persons for the Session are Mr. K Ramesh Naidu, Zonal Manager, CoreEl Technologies, Mr. M Naga Raju, Application Engineer, CoreEl Technologies.

The Program was held in two sessions, (Forenoon) 9.00 am to 12.00 pm and (Afternoon) 1.00 pm to 5.00 pm for two days.

Number of Participants: 36

On day-1: Mr. K Ramesh Naidu gave an excellent session, on need of FPGAs/SOCs for addressing high performance DSP Designs, Introduction to Xilinx Vivado System Generator for DSP, Concepts of System modeling Using Simulink, Concepts of Hardware co- simulation using system Generator

DSP, Getting started with simulink, Creating a 12x8 MAC Using the System Generator For DSP and Hardware co- simulation of FIR filter using Zynq Evaluation platform.

On day-2: Mr. K Ramesh Naidu, also gave an excellent session, on Addressing signal, video & image processing applications Using Xilinx FPGAs/SOCs, Real time video, Image , audio and signal processing applications, Converting MATLAB code into HDL and Implementation on ZedBoard, Real Time Image processing demo using ZedBoard and Real Time Video processing demo.

This faculty Development program is very useful technically for all the participants, they enjoyed the content, they learned so many new things.

Course Objectives:

1. Understanding the need of FPGAs/SOCs for addressing high performance DSP Designs
2. Understanding the concepts of Hardware co- simulation using system Generator DSP
3. How to Create a 12x8 MAC Using the System Generator For DSP
4. Understanding Hardware co- simulation of FIR filter using Zynq Evaluation platform
5. Understanding Addressing signal, video & image processing applications Using Xilinx FPGAs/SOCs
6. Understanding Real time video, Image , audio and signal processing applications
7. How to Convert MATLAB code into HDL and Implementation on ZedBoard

Course Outcomes:

1. Understood the need of FPGAs/SOCs for addressing high performance DSP Designs
2. Understood the concepts of Hardware co- simulation using system Generator DSP
3. Understood Create a 12x8 MAC Using the System Generator For DSP
4. Understood Hardware co- simulation of FIR filter using Zynq Evaluation platform
5. Understood Addressing signal, video & image processing applications Using Xilinx FPGAs/SOCs
6. Understood Real time video, Image , audio and signal processing applications
7. Understood How to Convert MATLAB code into HDL and Implementation on ZedBoard

ABOUT THE INSTITUTION

SRK Institute of Technology is a professional college affiliated to JNTUK, Kakinada, offering engineering undergraduate courses in CE,CSE, ECE, EEE, IT, ME and post graduate courses M.Tech in ECE & CSE, MBA, MCA and IMBA. It was established in the year 2007 under the aegis of SRK Foundation. The members of the foundation include renowned academicians and industrialists. The college is fully established with all infrastructural facilities with well qualified and experienced faculty. Within a short period of its inception, the college has carved a niche among the already exiting popular colleges. Today, the institute is rated as one of the RISING STARS on the horizon.

ABOUT THE DEPARTMENT

The Department of Electronics and communication Engineering (ECE) was established in 2007. The department runs both UG and PG with well experienced faculty in various disciplines of ECE. The department also hosts state-of-the-art laboratory facilities supporting both hardware and software in conformity with the curriculum and beyond. The department organizes Faculty Development Programs frequently to enhance skills.

OBJECTIVE OF THE COURSE

The Main objective of the course is to provide basic knowledge on 8051 Micro Controller with lab sessions and also you can get knowledge on how to interface different electronic devices with 8051 Micro Controller. This programme will focus on practical aspects and include examples which relevant to the current industry requirements.

CO-ORDINATOR

Ms. Md Shabeena Begum
Asst. Professor,
Department of Electronics and
Communication Engineering.
SRK Institute of Technology.

WHO CAN ATTEND

Programme is open to Faculty members and Research scholars.

REGISTRATION FEE

Registration fee(Include Snacks and Lunch). Rs. 1200/- For Faculty and Research scholars from outside campus .

IMPORTANT DATES

Last Date of Registration:
17th October 2015

COURSE CONTENT

- Introduction to 8051 micro controller
- interfacing 8051 micro controller with LCD
- stepper motor interfacing with 8051 micro controller
- interfacing of 7 segment display with 8051 micro controller
- interfacing of updown counter design using 7 segment display and 8051 micro controller
- interfacing of GPS with 8051 micro controller
- interfacing of DC Motor with 8051 micro controller

Program Report

Date: 28-10-2015

Duration: One Week (19-10-2015 to 25-10-2015)

The Department of Electronics and Communication Engineering and Micro Link jointly organized a One Week Faculty Development Program on **"Embedded System Design"** from 19-10-2015 to 25-10-2015. The Resource Person for the Session is Mr. **Govinda Rao,** from Microlinks.

No of Participants: 28

On Day-1, Mr. **Govinda Rao,** started his session by giving introduction to 8051 micro controller. He clearly explained the basic concepts of 8051 micro controller, how it works, how to use this 8051 micro controller in different projects. He clearly explained the basic concepts of 8051 micro controller.

On Day-2, Mr. **Govinda Rao,** clearly explained how to interface 8051 micro controller with LCD and afterwards the faculty were also did this interfacing in the lab. In the afternoon session Mr, **Govinda Rao,** also explained keyboard interfacing with the 8051 micro controller. Afterwards the faculty were also did that interfacing in the lab. After that Mr, **Govinda Rao,** also explained interfacing of temperature sensor and LCD with 8051 micro controller, afterwards the faculty were also did that interfacing in the lab.

On Day-3, Mr. **S Srinivasa Rao,** clearly explained the stepper motor interfacing with 8051 micro controller. Afterwards the faculty were also did that interfacing in the lab. In afternoon session, Mr. **S Srinivasa Rao,** also clearly explained the interfacing of external memory with 8051 micro controller, afterwards the faculty were also did that interfacing in the lab.

On Day-4, Mr. **S Srinivasa Rao,** clearly explained the interfacing of 7 segment display with 8051 micro controller, afterwards the faculty were also did that interfacing in the lab session.

On Day-5, Mr. **Govinda Rao,** clearly explained the interfacing of updown counter design using 7 segment display and 8051 micro controller, afterwards the faculty were also did that in the lab session.

On Day-6, Mr. **Govinda Rao,** clearly explained the interfacing of GPS with 8051 micro controller, afterwards the faculty were also did that interfacing in the lab session.

On Day-7, Mr. **S Srinivasa Rao,** clearly explained the interfacing of DC Motor with 8051 micro controller.

Mr. **Govinda Rao,** has excellent knowledge in Embedded System Design, especially he has good knowledge of 8051 micro controller, he can interfacing any relevant component to this controller, also he has good programming skills, and he delivered excellent knowledge in the sessions. The faculty are also very much satisfied with his content. The faculty are learned so many techniques from Mr. **Govinda Rao.** All the faculty gave an excellent feedback to the faculty development program and also to the Mr. **Govinda Rao** and Mr. **S Srinivasa Rao.**

Course Objectives:

1. Understanding how to interface 8051 micro controller with LCD.
2. Understanding how to interface 8051 micro controller with keyboard.
3. Understanding how to interface 8051 micro controller with temperature sensor and LCD.
4. Understanding how to interface 8051 micro controller with stepper motor.
5. Understanding how to interface 8051 micro controller with external memory interface.
6. Understanding how to interface 8051 micro controller with 7 segment display.
7. Understanding how to interface 8051 micro controller with updown counter design using 7 segment displays.
8. Understanding how to interface 8051 micro controller with GPS

Course Outcomes:

1. Understood how to interface 8051 micro controller with LCD.
2. Understood how to interface 8051 micro controller with keyboard.
3. Understood how to interface 8051 micro controller with temperature sensor and LCD.
4. Understood how to interface 8051 micro controller with stepper motor.
5. Understood how to interface 8051 micro controller with external memory interface.

PROGRAM REPORT

Event Type	Faculty Development Program
Title of the Event	Derivatives Market
Event Start Date:	28/10/2015
Event End Date:	29/10/2015
No. of participants	27
Description	A faculty development program was organized by the Department of Business Administration from 28th to 29th October, 2015 at Seminar hall on the above topic. This was a two day Faculty Development Program where various related subtopics were discussed in detail by eminent educationists. There are 27 participants were present in this programme and a very beneficial academic environment was experienced by the participants. The FDP was started on 28th October, 2015 with the prayer song. The dignitaries are welcomed by the Principal and opening remarks were also presented by him. The first technical session was on the 'topic Indian Financial System by the guest speaker by Mr. Zakir Hussain Director, Artha Financial Professional`s Guru. He also discussed the different financial avenues available to invest. He also provided an insight on the types of financial markets. The afternoon session of day-1 was followed by lunch. On the second day, technical session 3 & 4 were also addressed by Mr. Zakir Hussain. The resource person enlightened the participants about features of exchange traded derivatives, classification and types of swaps and types of options and Different between Forwards and Futures, options and Swaps were discussed in detail over the two sessions of the day. In all, the technical sessions provided a good learning experience. The program was concluded with the valedictory note presented by Mr.J Sai Sudheer Kumar, Faculty, Department of Business Administration.

A Five day Faculty Development Program on

Communication Skills

17th - 21st NOVEMBER 2015

Organized by
Department of Electronics & Communication Engineering

Jointly with
Department of English

PRINCIPAL
SRK Institute of Technology
ENIKEPADU, VIJAYAWADA-521 108.

About SRK Institute of Technology

SRK Institute of Technology is a professional college affiliated to JNTU, Kakinada, offering engineering under graduate courses in CE, CSE,ECE, EEE, IT and ME, Post Graduate courses in ECE, CSE, Computer Application and Business Administration. It was established in 2007 under the aegis of SRK Foundation.

About the Departments

The Department of Electronics and Communication Engineering (ECE) was established in 2007. The department runs both UG and PG with well experienced faculty in various disciplines of ECE. The department also hosts state-of-the-art laboratory facilities supporting both hardware and software in conformity with the curriculum and beyond. The department organizes Faculty Development Programs frequently to enhance technical as well as communication skills.

The Department of English, a part of Science and Humanities department, trains the students in promoting communication and soft skills in general and campus recruitment in particular. The department also motivates the students to take an active part in co-curricular and extra-curricular activities held on and off the campus.

Objective of the Programme

The Programme is meant for the faculty of SRK Group of Institution. It is intended to address the problems of the faculty related to the use of English language in spoken and written form. Also, it hopes to facilitate the faculty with techniques of improving word power and reading skills that would enhance their general proficiency and help them deliver better in a classroom situation.

Resource Persons

- **Dr. N.Usha Srinivas**
  The Head and Assoc.Professor, Dept. of English
  Krishna University, Machilipatnam.
- **Dr. M. Vijaya Lakshmi**
  The Head and Assoc.Professor, Dept. of English
  GEC, Gudlavalleru.
- **Dr.A.Padmaja**
  Assoc.Professor, Dept. of English
  SRK Institute of Technology
- **Ms. G. Maithreyi**
  Asst.Professor, Dept. of English
  SRK Institute of Technology

Schedule

Day 1

Session 1:

- Spoken Language
  How to improve Pronunciation, Accent, Tone

Session 2 :

- Reading Skills
  Techniques to improve quality of reading focusing on Tone

Day 2

Session 1:

- Building Functional Vocabulary
  Methods to build up word power

Day 3

Session 1:

- Functional Writing
  Techniques to improve technical and business writing

Program Report

Date: 23-11-2015

Duration: 5days (17-11-2015 to 21-11-2015)

The Departments of Electronics and Communication Engineering and English jointly organized a Five-day Faculty Development Program on **"Communication Skills"** from 17-21 November 2015. The Resource Persons for the Session are Dr. N. Usha Srinivas, Head, Associate Professor, Krishna University, Dr. M. Vijaya Lakshmi, Head, Associate Professor, Gudlavalleru Engineering College, Dr. A. Padmaja, Head, Associate Professor and Ms. G. Maithreyi, Assistant Professor, S.R.K. Institute of Technology.

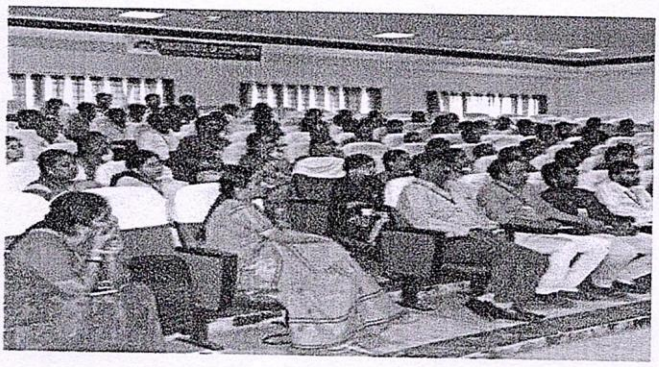
The Program was conducted in two sessions, Forenoon 9.30 a.m. to 12.30 p.m. and 2.00 p.m. to 4.30 p.m. on all five days. This programme was offered to the faculty of all the departments of S.R. K. Institute of Technology and our sister institution Vijaya Institute of Technology. It focused on Speaking, Reading, Vocabulary, Writing and Listening Skills. The objective of the Program is to address the problems of the faculty regarding English language and its usage. The participants actively took part in all the activities which honed their reading, writing, spoken and listening Skills.

PRINCIPAL
SRK Institute of Technology
ENIKEPADU, VIJAYAWADA-521 108.

Dr. N. Usha Srinivas discussed various methods for the improvement of Speaking Skills and how to use them in the classroom effectively. Dr. M. Vijaya Lakshmi gave the most important Vocabulary and how to infer meanings from root words. Dr. A. Padmaja gave tips to improve reading skills through the techniques of Skimming, Scanning and Summarizing.

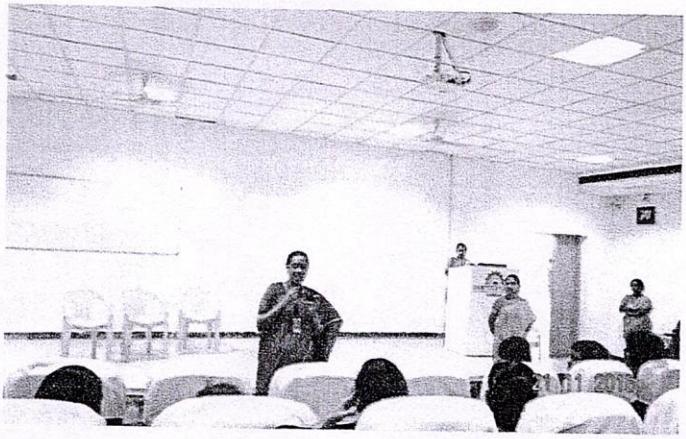
20 11 2015

Ms. G. Maithreyi stressed on the pivotal role of writing skills in academic life and dealt with topics like Paragraph Writing, Writing descriptions, basics of writing professional emails and letters. All the presentations were done in interactive method using realia, visual and audio visual aids.



All the participants enjoyed the programme thoroughly and expressed that the outcome of learning important language skills for effective communication in classroom were reached.

PRINCIPAL
SRK Institute of Technology
ENIKEPADU, VIJAYAWADA-521 108.



Course Objective:

The programme is meant for the faculty of SRK Group of Institution. It is intended to address the problems of the faculty related to the use of English language in spoken and written form. Also, it hopes to facilitate the faculty with techniques of improving word power and reading skills that would enhance their general proficiency and help them deliver better in a classroom situation.

Course Outcome:

The problems of the faculty related to the use of English language in spoken and written form are improved. This program is very helpful to improve the word power and reading skills and deliver better in a classroom situation.

NAME OF THE COORDINATOR	: G. Durga Prasad
NUMBER OF PARTICIPANTS	: 22

The Department of Mechanical Engineering has organized a 5 days faculty development program on "**Recent Advanced Techniques in Robotics**" from 21-11-2015 to 25-11-2015at our college. The main intension of the program is to provide knowledge in Advanced Techniques & Applications of Robotics.The 5 days faculty development program was inaugurated by the following eminent personalities on 21-11-2015

1. Mr.V. Bala China Lingam, Resource person, Mechanical department, SRKIT.
2. B.S. Appa Rao, Chairman, SRK Institute of Technology.
3. Dr. K. Bala showry, Principal, SRK Institute of Technology.

Mr. G. Durga Prasad, Coordinator of the FDP welcomed all the dignitaries and participants. In the welcome speech, byV. Bala China Lingam , highlighted the objectives of the faculty development program and requested the participants to disseminate the knowledge gained in such type of programs to their students. The session is very interactive faculty had asked many questions to

Feedback by Participants:

- V. Bala China Lingam Asst. prof of ME department has shared his views about FDP. He said that the session was very interesting & Informative.
- M.V.B Sampath Asst. prof of ME department has shared his views about FDP. He is very happy and conveyed his thanks to the HOD & Management for organizing such a wonderful FDP. He feels that the FDP is helpful to enhance every individual's knowledge in FACTS towards Research oriented.

Objective: The objective of FDP to promote exchange of scientific information between Lectures and Research in Robotics

Outcome: This FDP was very useful to Faculty members to nourish their teaching and Practical knowledge in recent trends in robotics.

ABOUT THE INSTITUTION

SRK Institute of Technology is a professional college affiliated to JNTUK, Kakinada, offering Engineering Undergraduate courses in CE,CSE,ECE, EEE, IT,ME, and Post Graduate courses in ECE & CSE, Masters in Business Administration and Masters in Computer Applications. It was established in the year 2007 under the aegis of SRK Foundation. The members of the foundation include renowned academicians, eminent educationalists and industrialists. The college is fully equipped with all infrastructural facilities, well qualified and experienced faculty.

SRKIT is located in the historic city of Vijayawada on the banks of the Krishna River in the coastal area of Andhra Pradesh. The city is a large commercial centre and famous for Goddess Kanaka Durga temple on the Indrakiladri hills. Vijayawada is also known as educational hub in the state of Andhra Pradesh. The city is well connected by road, rail and air. The Railway station, Bus Stand and Airport area with a distance of 10 KM each from the college.

OBJECTIVE OF THE PROGRAMME

Android Application Development course is designed to quickly get you up to speed with writing apps for Android devices. The faculty will learn the basics of Android platform and get to understand the application lifecycle. By the end of the course, faculty will be able to write simple GUI applications, use built-in widgets and components, work with the database to store data locally, and much more.

PROGRAM REPORT

Name of the Program: Faculty Development Program on Android Application Development using Java

Date: 30-11-2015 to 5-12-2015

Timings: 9.30 A.M – 5.00 P.M

No of Participants: 30

One Week Faculty Development Program on **"Android Application Development Program using Java"** was organized at SRKIT from 30th November to 5th December, 2015. A very beneficial academic environment was experienced by the participants during the program. There were **30 participants** from SRKIT, Enikepadu.

The dignitaries were welcomed by **N. Neelima Priyanka** Asst. Prof, MCA, SRKIT. The keynote address for the FDP was given by Dr D. Haritha, Professor, Head of Department CSE and MCA, SRKIT which was followed by an introduction to the program by **B. Viswa Siva Prasad** Trainer & Developer, APSSDC and he also briefed about the research orientation in the field of Android and also illustrated about the different applications where Android is used. He started the technical session with the fundamentals of Android and discussed about the basics of Java. He also discussed about the Application Structure. This was followed by a practical session on the installation of Android Studio.

The second Day of the program started with the practical session of testing, debugging in the Android Studio by **B. Viswa Siva Prasad**. He focused on the libraries used in the Application and then emphasized on the input controls and the menus. This was followed

PRINCIPAL
SRK INSTITUTE OF TECHNOLOGY
ENIKEPADU, VIJAYAWADA

by a practical session on the input controls. The Third Day of the program started off with the demo of the Android Application by **N. Neelima Priyanka**. After this the participants were able to build their First Android Application. This was followed by the discussion on the layouts and views with the help of practical examples.

The Fourth Day of the program started off with the discussion on intents which included talks on the explicit intents and implicit intents by **N. Neelima Priyanka**. This was followed by the practical session on intents. She focused on the importance of intents for communication. The Fifth Day of the program included talks on Widgets and Adapters by **B. Viswa Siva Prasad.** He emphasized on the List View and List Activity. The last Day of the program was a practical session on Layouts. This created more interest in participants and it helped the participants to understand about layouts, views and notification using various UI Components in the practical session.

The program was enlightening for the participants and the practical session helped them to understand about the Android in an effective manner. J. Niranjani, Asst. Prof, MCA, SRKIT presented the Vote Of Thanks for the Program.

PROGRAM REPORT

Name of the program: Faculty Development Program on Data Mining Tools

Date: 10-12-2015 to 15-12-2015

Timings: 9.30 A.M – 5.00 P.M

A One Week Faculty Development Program on "Data Mining Tools" was organized at SRKIT from10th to 15th December,2015. There were **9 external participants** from VITW, Enikepadu and **28 internal participants** from SRKIT, Enikepadu. This was a five day Faculty Development Program where various related subtopics were discussed in detail by eminent educationists and a very beneficial academic environment was experienced by the participants.

The keynote address for the FDP was given by Dr D. Haritha, Professor, Head of Department CSE, SRKIT which was followed by an introduction to the program by **Dr. D. Naga Raju**, Professor, Lakkireddy Bali Reddy College Of Engineering. He briefed about the research orientation in the field of Data Mining and also illustrated about the different tools used in the Data Mining.

After briefing about the data mining tools **Dr. D. Naga Raju** started off the first session with the discussion of machine learning techniques used in Intrusion Detection System (IDS). He delivered a detailed talk on Intrusion Detection System (IDS) and the applications of the Intrusion Detection System (IDS) followed by a practical session on Intrusion Detection System (IDS). He also elaborated on the machine learning techniques.

The Second Day of the Program included talks on the classification and clustering techniques. **K. Raja Yasodhar** Sr. Asst. Prof. MCA, SRKIT focused on the importance of the clustering and classification. He emphasized on the real-time examples of classification and clustering followed by the different techniques involved in classification and clustering. He gave a detailed description of the WEKA Data Mining Tool and how this tool is helpful for performing classification and clustering on the given Data.

PRINCIPAL
SRK INSTITUTE OF TECHNOLOGY
ENIKEPADU, VIJAYAWADA

The Third Day started off with the lecture of **V. Kishore Babu**, Asst.Prof, CSE, SRKIT. His talk was based on the KNIME Data Mining Tool. He gave insights on visualization of data and also stated that data plays a crucial role in the field of Data Mining. He emphasized on the outlier detection in Data Mining and also elaborated on the WebCrawling Techniques followed by a practical Session on KNIME Data Mining Tool.

The Fourth Day of the program witnessed lectures of **Dr.D. Naga Raju** on RapidMiner Data Mining Tool. He gave a detailed description on the RapidMiner Data Mining Tool and the application of the tool in Data Mining. He elaborated on the preprocessing techniques that can be applied on the data. He also focused on the importance of preprocessing the data before the data is used for processing.

The last Day of the Program included talks on usage of RapidMiner Data Mining tool for classification followed by the comparison of Algorithms using the tool. **V. Kishore Babu** focused on the importance of association Analysis. He emphasized on the clustering techniques that can be implemented in the RapidMiner tool.

This led to the end of the series of lectures in the program. A concluding session followed by the Vote Of Thanks given by Dr D. Haritha.

About the Program

A Five day program focused on Microsoft Excel. This is mainly intended to those learners who are enthusiastic in excel spread sheet works benefiting in their professional career.

About Training Program

Microsoft Excel is the most commonly used spreadsheet application. Learning how to use Excel is an investment in both personal and professional life. Excel makes it easy to monitor financial status, such as business profit or loss, calculate payments on large purchases, plan a budget, or stay organized with checklists.

Learning how to use Excel efficiently provides value, since most jobs utilize this application. This opens up more opportunities for employment and career advancement.
When learners know how to use Excel, it improves their efficiency in the workplace. Learners who know how to create detailed worksheets, invoices, charts, and complex formulas achieve professional results in a fraction of the time.

The Resource persons are K.Raja Yasodhar, Sr. Asst.Professor, SRK Institute of technology & Ravi Kumar, MOS Expert for this Five day workshop.

Eligibility: The program is open to non- teaching faculty of all AICTE approved Engineering Colleges.

Registration and Fee Particulars

Applications (can be downloaded from the website: www.srkit.in) in the prescribed format and the payment of registration fee is nil Application should reach the Co-coordinator on or before 22 February 2016 by 17:00 hrs accepted.

ABOUT THE INSTITUTION

SRK Institute of Technology is a professional college affiliated to JNTU, Kakinada, offering engineering under graduate courses in CE,CSE, ECE, EEE, IT and ME, Post Graduate courses M. Tech in ECE & CSE, Masters in Computer Application and Business Administration. It was established in the year 2007 under the aegis of SRK Foundation. NAME OF THE PROGRAM: MICROSOFT EXCEL

DATE: 23-02-2016 TO 27-02-2016

TIMINGS: 10.00 A.M – 5.00 P.M

PROGRAM REPORT

Five Day Training Program on "**MICROSOFT EXCEL**" was conducted at SRKIT during **23-02-2016 to 27-02-2016** for non-teaching staff. They were around **17 participants** from SRKIT, Enikepadu. **Ravi Kumar.K**, Microsoft Certified Professional and a Microsoft Certified Excel Expert gave introduction about the program and highlighted the significance of Microsoft Excel. He outlined the objectives of Microsoft Excel and instructed all the faculty members to utilize this FDP to full extent

Hon. Principal Dr K. Bala Showry gave message that non teaching staff have to utilize this opportunity, as it helps them to improvise their work..

On the first day of FDP Resource person **K.Raja Yashodar** Sr.Asst Prof SRKIT discussed about introduction of Microsoft Excel. On Second day **K.Raja Yashodar** discussed about Entering, Editing, and Managing Data in excel and formatting the data and Data Analysis. On the third day **K.Raja Yashodar** explained concepts of Printing, Formulas and Statistical Functions .On the fourth Day **Ravi Kumar .K** explained about the Functions that can be used for Personal Finance. He explained about the PMT function and how it is used to calculate monthly mortgage payments for a house and for calculating monthly lease payments for an automobile. On the fifth day **Ravi Kumar .K** discussed about the Logical Functions and how to use the IF function to evaluate the data in a cell location using a logical test and the OR function within an IF function to evaluate the data in a cell location using multiple logical tests. On last day **Ravi Kumar .K** explained about the Lookup Functions and choosing a Chart Type, Formatting Charts, the Scatter Chart and so on.

Ms M. Anitha, Asst Professor, SRKIT, presented the Vote Of Thanks for the Program.
