Program Report

Date: 25-06-2016

Title of the Program: A Two day faculty development program on “Best Practices in Solid Waste Management”

Resource person Details : Dr.M.V.S.Raju, Professor, V.R.Siddardha Engineering College, Vijayawada. Ph.no.9885199560.

Duration : 2 days (22-06-2016 to 23-06-2016)

No. of Participants : 17

Description : Solid waste disposal management is usually referred to the process of collecting and treating solid wastes. It provides solutions for recycling items that do not belong to garbage or trash. Solid waste management can be described as how solid waste can be changed and used as a valuable resource.

Improper disposal of municipal solid waste can create unsanitary conditions, and these conditions in turn lead to pollution of the environment. Diseases can be spread by rodents and insects. The tasks of solid waste disposal management are complex technical challenges. They can also pose a wide variety of economic, administrative and social problems that must be changed and solved.

Department of Civil Engineering

Course Objectives:

1. Enables to distinguish between the quality of domestic and industrial water requirements and wastewater quantity generation.
2. To impart knowledge on selection of treatment methods for industrial waste water.
3. To know the common methods of treatment in different industries
4. To acquire knowledge on operational problems of common effluent treatment plant.

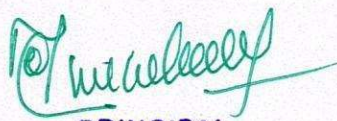

Course Outcomes:

1. Suggest treatment methods for any industrial wastewater.
2. Learn the manufacturing process of various industries.

Program Report

Date: 08-08-2016

Duration: 1 week (01-08- 2016 to 06-08-2016)

The Department of Electronics and Communication Engineering, S.R.K. Institute of Technology in collaboration with National Institute of Technical Teachers Training and Research organized a Six Day Faculty Training Programme on **“Instructional Design and Delivery Systems”** from 1 August 2016 to 6 August 2016.

The participants of the Programme are from S.R.K. Institute of Technology, Vijaya Institute of Technology for Women. The Programme was initiated by Prof. Dr. Sudhindra Nath Panda, Head, Department of Agricultural and Food Engineering, IIT, Kharagpur and Dr. C.R. Nagendra Rao, Professor, CDC, NITTTR, Chennai. The Resource Persons of various sessions were Dr. B. Mukhopadhyaya, Dr. C.R. Nagendra Rao, Dr. V.P. Sivha Kumar conducted lively interactive sessions.

No of Participants: 34

The Training Programme concentrated on imparting new insights in the core areas of Teaching- Learning Process, Instructional Objectives, Lesson Planning, Instructional Material, Media and Method, Student Evaluation and Simulated Teaching Practice.

At the outset, the Chief Instructor, Dr. B. Mukhopadhyaya said that the faculty should constantly update their knowledge and teaching skills to impart quality education to students.

The Principal Dr. K. Balashowry said that the teachers should work on developing the skills of students beyond academics and make them ready to work in industries and build the future of our country.

The training programme stressed on the tailoring the teaching materials according to the interests, strengths and skills of the students. The participants were given rigorous training the entire week and were made to take practical sessions and provided live feedback

Imb...

by the instructors. The participants expressed their satisfaction with the Programme since the outcome was effectively reached.

Course Objectives:

- To improve Teaching learning Process
- Developing Instructional Objectives
- To prepare Lesson Plan
- How to utilize Instructional Material, Media and Methods
- How to do student evaluation
- Simulate Teaching Practise

Course Outcomes:

- Teaching learning Process have been upgraded
- Added new Instructional Objectives in their teaching
- Lesson Planning was improved
- Understood practical implementation of Instructional Material, Media and Methods
- Student evaluations have been learned
- Simulated Teaching Practise

The Department of Mechanical Engineering has organized a 2 days faculty development program on “**Automated Manufacturing Techniques on CIM**” from 04-11-2016 to 05-11-2016 at our college. The main intension of the program is to provide knowledge in Automated Manufacturing Techniques & its Applications. The 2 days faculty development program was inaugurated by the following eminent personalities on 04-11-2016

1. Mr.G. Durga Prasad, Resource person & Asst Professor, ME Department, SRK Institute of Technology, Enikepadu
2. B.S. Appa Rao, Chairman, SRK Institute of Technology
3. Dr. T. Satyanarayana, Principal, SRK Institute of Technology

Mr. D. Rognatha Rao, Coordinator of the FDP welcomed all the dignitaries and participants. In the welcome speech, by G. Durga Prasad, Asst Professor, highlighted the objectives of the faculty development program and requested the participants to disseminate the knowledge gained in such type of programs to their students. The session is very interactive faculty had asked many questions

Feedback by Participants:

- P.Dannaiah prof of ME department has shared his views about FDP. He told that the session was very interesting & Informative.
- Z.jitendra Asst. prof of ME department has shared his views about FDP. He is very happy and conveyed his thanks to the HOD & Management for organizing such a wonderful FDP. He feels that the FDP is helpful to enhance every individuals knowledge in FACTS towards Research oriented.

Objective: The objective of FDP to promote exchange of scientific information between Lectures and Research in Computer Integrated Manufacturing & its techniques

Outcome: This FDP was very useful to Faculty members to nourish their teaching and Practical knowledge in CIM applications.

SRK INSTITUTE OF TECHNOLOGY

An ISO 9001:2015 Certified Institution,

Affiliated to JNTUK, Kaninada,

NH-16, Enikepadu, Vijayawada,

Andhra Pradesh -521108 Ph. No.: 0866 284 3839

ABOUT THE INSTITUTION

SRK Institute of Technology is a professional college affiliated to JNTUK, Kakinada, offering Engineering Undergraduate courses in CE,CSE, ECE, EEE, IT,ME, and Post Graduate courses in ECE & CSE, Masters in Business Administration and Masters in Computer Applications. It was established in the year 2007 under the aegis of SRK Foundation. The members of the foundation include renowned academicians, eminent educationalists and industrialists. The college is fully equipped with all infrastructural facilities, well qualified and experienced faculty.

SRKIT is located in the historic city of Vijayawada on the banks of the Krishna River in the coastal area of Andhra Pradesh. The city is a large commercial centre and famous for Goddess KanakaDurga temple on the Indrakiladri hills. Vijayawada is also known as educational hub in the state of Andhra Pradesh. The city is well connected by road, rail and air. The Railway station, Bus Stand and Airport area with a distance of 10 KM each from the college.

ABOUT DELL EMC

Dell EMC is a part of the Dell Technologies family of brands. Dell Technologies is a unique family of businesses that provides the essential infrastructure for organizations to build their digital future, transform IT and protect their most important asset: information. The company services customers of all sizes across 180 countries – ranging from 98 percent of the Fortune 500 to individual consumers – with the industry's most comprehensive and innovative portfolio from the edge to the core to the cloud.

ABOUT ICT ACADEMY

ICT Academy is an initiative of the Government of India in collaboration with the state Governments and industries. ICT Academy is a not-for-profit society, and a joint venture under the Public-Private-Partnership (PPP) model. With training of teachers and students as the primary objective, ICT Academy has been working through a seven pillar program in the areas of Faculty Development, Student Skill Development, Entrepreneurship Development, Youth Empowerment, Industry-Institute Interaction, Digital Empowerment and Research & Publications.

OBJECTIVE OF THE PROGRAMME

The quality of teachers and faculty members will decide the quality of the students and thereby the next generation manpower. Thus, enhancing the academic and intellectual environment by organizing FDP helps the Faculty to improve their skills. This FDP ensures faculty members are trained in the niche area of, big data analytics platforms Hadoop, Hadoop-Related Projects, Data Science. It helps to promote and foster Big Data, Data Science and its Applications in the field of teaching. This FDP aims to strengthen specialized research areas of Big Data Analytics.

PROGRAM REPORT

Name of the program: Faculty Development Program on Data Science and Big Data Analytics

Date: 14-11-2016 to 18-11-2016

Timings: 9.30 A.M – 4.00 P.M

Five-Day Faculty Development Program on “Data Science and Big Data Analytics” was conducted at SRKIT from 14th to 18th November, 2016. There were **24 external participants** from different colleges and institutes and around **12 internal participants** from SRKIT, Enikepadu.

The dignitaries were welcomed by CH.Praneeth Asst.Prof, CSE, SRKIT which was followed by the introduction to the program by **S.Shanmughavel**, Trainer at ICT Academy. He also discussed the latest technology trends which are observed across the globe. He also gave a glimpse on the activities that are going to take place in the program. The lecture was very beneficial and provided an insight on importance of Data Science and Big Data Analytics followed by a technical session.

In the first technical Session Resource Person **S. Shanmughavel** started his discussion with the basic definition of big data analytics and also mentioned the various characteristics of big data analytics which was followed by a Tea Break He emphasized on the unstructured data fueling big data analytics with the help of a case study and also elaborated on the data repositories. The session was followed by lunch. His lecture included talks on Data Analytics Lifecycle. The stages of the lifecycle were explained in detail. He also discussed about the roles for a successful Analytics Project followed by tea break. He discussed about the case study in which the lifecycle of data analytics was applied.

Department of Computer Science and Engineering

On the Second Day, started off with a practical session on R Graphical User Interface given by **V. Benhar Charles**, Trainer at ICT Academy. He also elaborated on importing and exporting data using R. This was followed by tea break. Lab exercise 1 was explained and being done by the participants which was followed by lunch break. Lab exercise 2 was practiced by the participants followed by the tea break. After the practical session he provided insights on the various big data analytics methods using R.

The Third Day included talks on **S. Shanmughavel** basic data analytics methods followed by a practical session on connecting SQL Server using R. The basic statics, visualization and hypothesis tests were included in practical session. This was followed by lunch break. The lab exercises were being practiced followed by a practical session on k-means clustering. The day included the practical sessions and it was beneficial for the participants.

On the fourth day **V. Benhar Charles** started off the session with the discussion of Association Rules and also mentioned that Association rules play a crucial role in Data Science. He also emphasized on the linear regression in R. He also delivered a practical session on the linear regression in R. The session was followed by lunch. He also discussed about the Decision Trees along with the Time Series Analysis in R. He also elaborated on the text analysis in R. The practical sessions created more interest among the participants.

The last day of the program included talks on Hadoop and HDFS by **S. Shanmughavel**. He also elaborated on the tools used in the Hadoop. He discussed about the Query languages for Hadoop and this was followed by lunch break. The exam was conducted by ICT Academy and the feedback was taken from the participants.

Dr. D. Haritha presented the Vote Of Thanks for the program.

Program Report

Date: 21-11-2016

Duration: 5 days (15-11-2016 to 19-11-2016)

The Departments of Electronics and Communication Engineering and APSSDC, Department of Skill Development, Entrepreneurship & Innovation, Government of Andhra Pradesh, jointly organized a Five-day Faculty Development Program on “VLSI Design” from 15-11-2016 to 19-11-2016. The Resource Person for the Session is **Mr. Raja Bandi**, Founder and Director, LUCID VLSI.

No of Participants: 86

On Day-1, **Mr. Raja Bandi**, started his session by giving introduction to VLSI, next he clearly explained ASIC design flow, digital design using verilog, combination design, basic building blocks, design everything from pmos and cmos, structural coding, data flow model, hierarchy in designing, vedic maths, multiplication, division using repeated addition and sorting.

On Day-2, **Mr. Raja Bandi**, started the session with digital design using verilog, after that he clearly explained about sequential design, finite state machine, delays in design and testbench, blocking vs non blocking, flop flop conversions, counter design, sequence detectors and HMS counter.

On Day-3, **Mr. Raja Bandi**, started his session with design verification using verilog, ASM charts, mealy Vs moore revisited, tasks, functions, intra and inter assignment delays, blocking and non blocking assignments, dumping VCD file, verification constructs and compiler directives.

On Day-4, **Mr. Raja Bandi**, started his session with verification using verilog, after that he clearly explained self checking test benches, automatic tasks/ functions, regressions, system verilog data types, system verilog assertions, system verilog for design and randomization of inputs.

On Day-5, **Mr. Raja Bandi**, clearly explained about UART, router. Arbiter and FIFO.

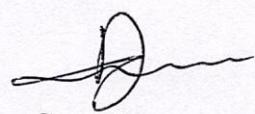

This Faculty Development Program is very useful technically, the participants are very much satisfied with the contents. Mr Raja Bandi has excellent knowledge in VLSI, delivered the content very clearly.

Course Objectives:

1. Understanding how to design basic building blocks using pmos and nmos
2. Understanding digital design and sequential design using verilog
3. Understanding how to do design verification using verilog
4. Understanding self checking test benches, automatic tests, regressions
5. Understanding the construction and working of UART , router and arbiter

Course Outcomes:

1. Understood how to design basic building blocks using pmos and nmos
2. Understood digital design and sequential design using verilog
3. Understood how to do design verification using verilog
4. Understood self checking test benches, automatic tests, regressions
5. Understood the construction and working of UART , router and arbiter

English is the medium of instruction for the students. So the fluency and effective communication in English are a great help to the faculty. The department of English is organizing a FDP on "English for Teaching Purposes" by Dr. A.Padmaja from 23-11-2016 to 25-11-2016 from 10:00 A.M to 1.00 PM in the English Communication lab. All the faculty members are requested to attend the FDP without fail.

PROGRAMME REPORT

NAME OF THE PROGRAMM : **English for Teaching Purposes**
START DATE : 23-11-2016
END DATE : 25-11-2016
TIMINGS : 10.00AM to 1.00PM

A Three Day course was conducted for faculty to help them gain skills in English for Teaching Purposes. The course was designed to enable the learners to improve performance of basic macro-functions within English teaching discourse. The learners could look at heightened performance skills in discourses like metalinguistic, informative, evaluative, inductive, and social.

No. of Participants	35
Resource Person	Mr.MD. Basha , Director, Wright Tech Software Solutions Pvt Ltd. Contact No 9642511786

Description

A One Week faculty development program on applications of Tally was conducted at SRK Institute of Technology from 06-02-2017 to 11-02-2017. The program was organized by the Department of Business Administration to enhance the faculty competencies in the area of Tally. The program was attended by 35 faculty members of SRK institute of technology and from other colleges. The program was very enriching for the participating faculty.

The keynote address of the program was presented by Dr N.Subramanyam, professor & Head of the department, MBA. He emphasized the application of Tally in various sectors has become crucial. He indicates the role of Tally in small, medium and large scale industries in the present scenario.

The first technical session of day one was commenced at 9:30 am by the guest speaker Mr. MD. Basha, Director Wright Tech Software Solutions Pvt Ltd, with the introduction to Tally and evolution of Tally into various Versions. The afternoon session of day one was started with creation of company under Tally and enabling and disabling of features in Tally. The day one concluded with the description of predefines groups and accounts.

DEPARTMENT OF BUSINESS ADMINISTRATION

The second day of the program includes detailed learning of master ledgers, groups, debtors and creditors and creation of payment vouchers day books etc. The third day of the program commenced with the introduction of billing features in Tally, purchases, sales orders and credit notes. In post lunch session of day three focused on the bank reconciliation and credit limits adjustment.

The fourth day of the program witnessed lectures on stock transfers, Reorder levels, interest calculations, budget and controls in Tally. The fifth day of the program triggered on different types of reports can be generated and usage of search, filter, and sorting options.

The second session of day five focused on how to generate financial reports, export, import, backup and restore of data.

The last day of the program focused on how to calculate Tax Deduction at source (TDS) in tally and payroll accounting in tally. The last session of the program was concluded with the usage of shortcut keys in Tally.

At the end of the last session few participants has given their feedback about the way the program helped them in gaining knowledge on some useful techniques can be applied to accounting in tally. The program was concluded with vote of thanks proposed by Mr BVSS Subbarao faculty department of business administration.

CIRCULAR

The future applications of Heat transfer is an essential weapon in studying various applications of Thermal power generation. So, All the faculty are informed that the department of Mechanical Engineering is organizing a Faculty Development Program on “Advances in Fluid flow & Heat Transfer” from 27-03-2017 to 31-03-2017 at 10:00AM to 1:00 PM in our college seminar hall, Ground floor. The resource person for the session is Mr. V.Bala China Lingam, Assistant Professor, Mechanical Department, SRKIT. So, all of you can attend this program without fail and make it a success.

PROGRAMME REPORT

NAME OF THE EVENT : **Advances in Fluid flow & Heat Transfer**
START DATE :27-03-2017
END DATE :31-03-2017
TIMINGS : 10.00AM to 01.00PM
RESOURCE PERSON : Mr. V. Bala China Lingam, Professor,SRKIT,Enikepadu
NAME OF THE COORDINATOR : M. Gayathri
NUMBER OF PARTICIPANTS : 27

The Department of Mechanical Engineering has organized a 5 days faculty development program on “**Advances in Fluid flow & Heat Transfer**” from 27-03-2017 to 31-03-2017 at our college. The main intension of the program is to provide knowledge in Advances in Fluid flow & Heat Transfer Techniques & its Applications. The 5 days faculty development program was inaugurated by the following eminent personalities on 27-03-2017.

1. Mr. V. Bala China Lingam, Resource person & Assistant Professor of ME Department, SRK Institute of Technology, Enikepadu.
2. B.S. Appa Rao, Chairman, SRK Institute of Technology.
3. Dr. M. Ekambaram Naidu, Principal, SRK Institute of Technology.

Mr. M. Gayathri, Coordinator of the FDP welcomed all the dignitaries and participants. In the welcome speech by Mr. V. Bala China Lingam, Assistant Professor of Mechanical Department, highlighted the objectives of the faculty development program and requested the participants to disseminate the knowledge gained in such type of programs to their students. The session is very

Feedback by Participants:

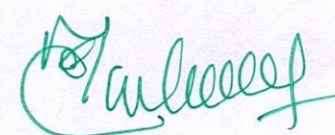

- S.Mahesh Babu. Asst prof of ME department has shared his views about FDP. He told that the session was very interesting & Informative.
- V.Kranthi kumar Asst. prof of ME department has shared his views about FDP. He is very happy and conveyed his thanks to the HOD & Management for organizing such a wonderful FDP. He feels that the FDP is helpful to enhance every individual's knowledge in FACTS towards Research oriented.

Objective: The objective of FDP to promote exchange of scientific information between Lectures and Research in Fluid flow & Het Transfer

Outcome: This FDP was very useful to Faculty members to nourish their teaching and Practical knowledge in Thermal Field & Heat Transfer applications.
