## MEMORANDUM OF UNDESTANDING (MOU)

This MOU is between SRK Institute of Technology & NEcX Private Limited, Hyderabad to enrich the technical education, to jointly work for enhancing the quality of education imparted to students of Computer Science and Engineering discipline, to support Microsoft and other IT software services and for continuous interaction between Industry and Institution. This Memorandum of Understanding begins on this day of 3<sup>rd</sup> October in the year 2016. This MoU is valid for a period of one year from the date of signing and will have to be renewed every year.

SRK Institute of Technology located at Enikepadu, Vijayawada, Krishna District, A.P., India is approved by AICTE, New Delhi and Govt. of A.P & affiliated to JNTU, Kakinada. NEcX Private Limited, Hyderabad, is a leading enterprise business solutions, software and information technology services company, providing IT Consulting, technology and outsourcing services. NEcX Private Limited offers Internships, Microsoft Support Services, Azure Cloud, Microsoft Edu-Cloud Training, Skill development with its office at 5-A/4, Road No 1, Beside Times of India, Nacharam, Telangana.

### Terms & Conditions:

#### 1. Nature of Relationship

- 1.1 This MOU is for collaboration between both parties, for mutual benefits, for many purposes set out in Annexure-I to enhance quality of the educational experience for students of the college.
- 1.2 This MOU shall be valid for 1 year from the date and each party shall be at full liberty to terminate the collaboration with a notice period of 3 months.
- 1.3 Both parties shall take reasonable steps to ensure successful completion of the collaboration and cooperate with each other in duly carrying out the obligation agreed up on.
- 1.4 The Institute will have to bear all expenses such as providing infrastructure, network and internet access, food & accommodation for technical training and support team from NEcX Private Limited and other facilities required for the education and training.

#### 2. Mutual Obligation

- 2.1 This collaboration shall not be exclusive to both parties and shall not disallow each party from having similar collaboration with others. Except as expressly stated in this MOU, there shall be no obligation on any party to compensate the other in any manner.
- 2.2 Each party shall respect the other's intellectual property (IP) and shall not use any trade name, trade mark, symbol or designation belonging to the other, without prior written approval. No party shall hold out as an agent or representative of the other or create any liability for the other. The parties shall indemnify the other for breach of this clause.

## Internship Acknowledgment

Reg. No: EZE/037/211

Date: 09/February/2017

This internship report states that Pulipaka Yugandhar Sai Krishna attended Automobile Development Internship (A.D.I) from dates 04/02/2017 to 09/02/2017 held at SAL Institute of Technology and Engineering Research. During the internship he/she worked under the guidance of Experts from Research and Development Industry. He/She was exposed to the Indian automobile industry standards and underwent rigorous training in the form of both theoretical and practical work. His/Her training completed basic and advanced level in automobile development process, like engine design, hybrid engines, automobile dynamics and current industry standards of processes. He/She also undertook vigorous practical training which included performing complete assembly and disassembly of the engine. During the course of internship our experts were constantly scrutinizing the students and based upon that our experts found his performance as good including both practical and theoretical performance.

## Internship Acknowledgment

Reg. No: EZE/035/634

Date: 04/July/2017

This report states that **Pulipaka Yugandhar Sai Krishna** has completed Comprehensive Automobile Development Internship (C.A.D.I) dated 27th June to 4th July 2017 held at Lokmanya Tilak College of Engineering. During this program he/she was **tutored & guided by the Industry R&D Experts**. He/She was exposed to the Indian Automobile Industry practices and underwent rigorous training in the form of both theoretical and practical work. His/Her training systematically covered detailed **Systems Architecture, Concepts & Calculations, Design Aspects & Parameters and Simulation methods involved in Design & Development of Automotive subsystems like Engine & Transmission, Vehicle Dynamics, Brakes, Auto Electronics and NVH**. He/She also undertook vigorous hands-on practical sessions on the above quoted systems. He/She applied his/her training in creating a **Technical Paper Presentation** titled as **"Develop a 16 Tonne multi axle intercity bus with appropriate ride comfort for passengers and better ergonomics for driving, complying BS-VI emission norms. Design appropriate transmission, advanced braking system and type of drive for this category along with other vehicle features"**. During the course of internship our experts were constantly scrutinizing the students and based upon that our experts found his performance as Good.
