Report on Kumar Pumps and motor Industrial visit on 19/09/2019

Visited:

Kumar Pumps and Motors, Tenali

No. of Students: 70

Faculty Coordinators:

- Mr. S.NAGESWARA RAO, Asst. Prof.
- Mr. K.SATYANARAYANA, Asst. Prof.
- Ms. B.INDRAJA Asst. Prof.

On receiving the letter of permission from Kumar pumps and motors, Tenali. Students with three faculty members went on an industrial visit to Kumar pumps on 19-09-2019. We all assembled at the college at 9:00a.m and left the college in a college bus. We reached the Kumar pumps at 10.00a.m. the Kumar pumps members are received us at the entrance and gave a brief introduction about the process of manufacturing of reciprocating pumps and motors. Bore wells and they're working in detail.

Visited sections in the company:

- Preparation of mold and casting
- Preparation of windings
- Assembling of parts

PURPOSE OF VISIT:

Our main purpose for this visit is to be familiar with industrial environment and to get practical knowledge of different Pumps & Motors.

OUTCOME:

Students get familiar with motor maintenance, material to be used in motor like conductor, insulators, different fabrication motor etc.

PROGRAM REPORT

Name of the Program : Two days Workshop on "PCB DESIGN".

Date / Duration : 16.09.2019 to 17.09.2019 (2 - Days)

Resource Person : Mr. Ch. Kishore, Director, Microlink Information Technologies

Name of Coordinator : Mr.B.RAVI, Assistant Professor, ECE

Number of Participants: 121

Program Objectives : The objective of this program is to introduce participants to the fundamentals of Electronic Circuits Design on Printed Circuit Board.

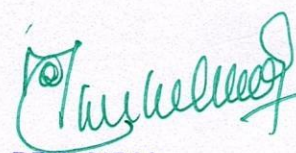

Topics Covered : The following topics were discussed in this workshop

- Introduction to the Basic Electronics Components and Soldering Techniques
- Circuit layout Design using Spice Tool
- Testing of the Implemented Circuit

Program Outcome : The workshop is intended to facilitate the students to acquire the Technical Skills in the design of Electronic Circuits on Printed Circuit Boards.

Program Report

Name of the Event: ARCHITECTURAL MODELLING USING REVIT in Association with APSSDC.

Dates: 13/08/2019 to 19/08/2019

Timings: 10:00 AM to 4:00 PM

Duration: One week

Resource Person: 1) Ms. P Nandini
Trainer, APSSDC
Email: nandini.p@apssdc.in
Ph: 9948336032.
2) Ms. B Divya Gayathri
Trainer, APSSDC
Email: divyagayathri.b@apssdc.in
Ph: 9441208474.

Name of the Coordinator: Mrs. E. Usha Sree, Asst Professor, Civil Engineering

Number of students participated: 36.

Program Objectives:

- Learn how to create callout views and work with text and tags, detail views, and drafting views.
- Create schedules, rooms and room schedules, and legends and keynotes.
- Work with drawing sheets and title blocks, manage revisions, and present the building model using rendering, walkthroughs, and sun and shadow settings.
- Create floors and ceilings, add roofs and curtain walls, and work with stairs and railings in a building model.
- Learn how to use dimensions and constraints.
- Duplicate and manage views, control object visibility in views, and create elevation, section, and 3D views.
- Work with component families.

PRINCIPAL

- Create a basic floor plan, add and modify walls and compound walls, use editing tools, and work with doors and windows.
- Create and modify levels and grids.
- Understand the user interface, parametric objects, and families, and start projects using templates.

Topics Covered:

Sl.No	Day	Duration	Topics Covered
1.	1	13/08/2019	Introduction to Revit Architecture Software, User Interface, Introduction To BIM
2.	2	14/08/2019	Introduction to Basic Commands, Templates, setting of units
3.	3	15/08/2019	Explaining about Walls, Doors, Windows, Edit Type, Placing of Components
4.	4	16/08/2019	Explaining about Modify Tools, Creating Floor, Ceiling, Editing Floor and Ceiling, Curtain Walls, Wall Opening
5.	5	17/08/2019	Roofs Types of Roofs
6.	6	19/08/2019	Staircase Types of Staircase, Ramp, Railing, Creating Section View

Program Outcomes:

- Student will learn to develop higher-quality, more accurate architectural designs; use tools specifically built to support Building Information Modeling workflows.
- Students will learn to capture and analyze concepts, and maintain your vision through design, documentation, and construction.
- Students will learn to do building element energy analysis; use the API to perform pipe/duct calculations; perform static analysis from the cloud; create/manage the structural analytical model; automatically update your model with analysis results; and improve BIM-based building performance workflows.

Number of students Attended: 30

Objective of the Event:

The main goal of this course is to help Students or Faculty to learn, understand, and practice data analysis and machine learning approaches, which include the study of modern computing data technologies and scaling up machine learning techniques focusing on industry applications. Mainly the course objectives are conceptualization and summarization of Data Analysis and machine learning computing technologies, machine learning techniques, and scaling up machine learning approaches.

Topics Covered:

- Introduction to Data Analysis
- Data Manipulation with NumPy
- Data Analysis with Pandas
- Data Cleaning with Pandas & Data Preprocessing with Scikit Learn
- Introduction to Data Visualization with Matplotlib
- Data Visualization With Seaborn

Outcome of Event:

- Student can handle data visualization, data manipulation
- Student can acquire good knowledge on python

Report

Name of the Program: **“Web Development With Python”**.

Date: 5-12-2019 to 11-12-2019

Timings: : **09.30AM to 04.30PM**

Resource Person: Mr. M. Srinivasa Reddy

Name of the Program Coordinator : Mr. T. Ganesh Kumar

The Department of CSE conducted program on **“Web Development With Python”** add on program from 5-12-2019 to 11-12-2019 at 2nd floor, BLC-2 during : **09.30AM to 04.30PM**

On the first day , program was inaugurated by the Dr. D. Haritha, HOD of CSE with a motivational talk on importance of **Python Programming** .After the speech of HOD, the classes were conducted as per the schedule given.

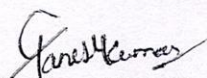

In total 31 students of MCA III year attended the workshop. On the last day of the program few aspirants gave their feedback on how the training sessions helped them in improving their programming skills. Finally, the program was concluded with a vote of thanks by student representatives.

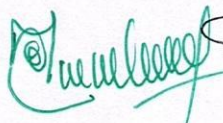

Objective:

- Python web development is one of the main use cases of Python which is applicable for the backend development meaning that it will connect to the database, and send or retrieve data from the server.
- Python will construct the logic behind the procedures that happen under the hood. When it comes to modules, the best Python web framework is the one that suits needs, skills and the requirement for flexibility.

Outcome of Event:

- After this workshop students will be good at Basic Knowledge in Python programming which helps them to get better Job opportunities.

PROGRAM REPORT

Name of the Program: Faculty Development Program on Google Android

Application Development

Date: 23-12-2019 to 28-12-2019

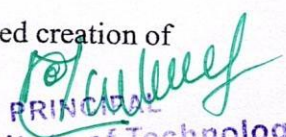

Timings: 9.30 A.M – 5.00 P.M

One Week Faculty Development Program on “Google Android Application Development” was organized at SRKIT from 23th to 28th December, 2019. There were **10 external participants** from different colleges and institutes and **15 internal participants** from SRKIT, Enikepadu. A very beneficial academic environment was experienced by the participants during the program.

The dignitaries were welcomed by Dr N. Neelima Priyanka Assoc. Prof, CSE, SRKIT. The Chief Guest Dr B Nageswarrao inaugurated the Program with the Lamp Lightening ceremony. In welcome speech, the Chief Guest shared his views with the faculty participants that attending such faculty development programs would enhance their skills of teaching concepts practically. The program progressed with the inaugural lecture by the Resource Person **T. Pavan Kumar Reddy**, Senior Trainer at APSSDC. In his lecture he highlighted the programs organized by APSSDC and also gave insights on the program.

After briefing about the program **T. Pavan Kumar Reddy** started off the technical session with the introduction of Mobile App Development and also briefed on the history of Mobile Evolution and Android. He continued his discussion with the Architecture of Android and then delivered a practical session on installation of Android Studio and Android Emulator and then explained about the connection of the physical device with the IDE.

The second Day of the program started with the practical session which included creation of

SRK INSTITUTE OF TECHNOLOGY

Enikepadu, Vijayawada 521108

Approved by AICTE, Affiliated to JNTUK, Kakinada

(ISO 9001:2015 Certified Institution)

Department of Computer Science and Engineering

Date: 06-09-2019

REPORT

Name of the Program: "Web Development Using Python".

Date: 26-08-2019 to 3-09-2019

Timing: 9:00AM to 5:00PM

Resource Persons: Mr. Venkatesh, Mr. M.Srinivasa Reddy, Mr.P.SandeepKumar, APSSDC.

Name of the Coordinator: Mrs.A.Radhika, Sr.Asst Professor, Ph.Number:9885986856

Number of Participants: 56

The Department of CSE conducted program on "Web Development Using Python" add on program from 26-08-2019 to 3-09-2019 at 2nd floor, BLC-4 during 9:30am-04:30pm

On the first day, program was inaugurated by the Dr.D. Haritha, HOD of CSE with a motivational talk on importance of Python Programming. After the speech of HOD, the classes were conducted as per the schedule given.

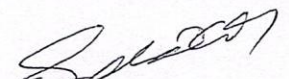

On the last day of the program few aspirants gave their feedback on how the training sessions helped them in improving their programming skills. Finally, the program was concluded with a vote of thanks by student representatives.

Objective:

- Python web development is one of the main use cases of Python which is applicable for the backend development meaning that it will connect to the database, and send or retrieve data from the server.
- Python will construct the logic behind the procedures that happen under the hood. When it comes to modules, the best Python web framework is the one that suits needs, skills and the requirement for flexibility.

Outcome of Event:

- After this workshop students will be good at Basic Knowledge in Python programming which helps them to get better Job opportunities.

Report on Kusalava International LTD, Industrial Visit on 07/03/2020

Visited: Kusalava International LTD, Adavinekalam

No. of Students: 100

Faculty Coordinators:

- Mr. V Bala Chinna Lingam, Asst. Prof.
- Mr. P Tarun Naga Venkatesh , Asst. Prof.

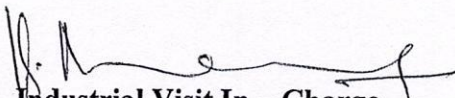

On receiving the letter of permission from Kusalava International LTD, Adavinekalam. Students with two faculty members went on an industrial visit to Kusalava International LTD, Adavinekalam on 07/03/2020. We all assembled at the college at 9:30AM. We reached the Kusalava International LTD, Adavinekalam at 10:30AM the Kusalava International LTD, Adavinekalam members received us and under the guidance of the employees, students were taken to different sections of the plant to observe diverse operations in the plant. The students were explained how the manufacturing of critical engine parts takes place. The training staff in the plant explained each step involved in manufacturing the parts in that plant.

Purpose of Visit:

The objective of the visit is to give visual experience of various manufacturing techniques in manufacturing of various engine parts. Students will also understand the importance of CNC machines in the industries, quality testing methods followed in the industry.

Outcome:

The students had a great experience in visiting the plant and got an insight of various manufacturing techniques and machining techniques.

KUSALAVA

DT: 26.02.2020

To,
The principal,
S. R. K institute of technology,
Enikepadu,
Vijayawada – 521108.

Dear Sir,

Sub: Seeking permission for Industrial Visit – reg.

Ref: Your letter dated:

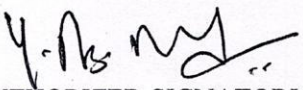

With reference to the subject cited above, we are pleased to inform you that, we are accepting for your Industrial Visit at our Industry for 105 students & 2 faculty accompanying them for 1 day from Mechanical Engineering. The following suggestions / Instructions are to be followed strictly.

- 1) All the students should come with College Uniform, shoes & I. D. Card.
- 2) Discipline is very important.
- 3) Cameras & Mobiles are not allowed. If found, will not be returned.
- 4) **Photography strictly not allowed within the factory premises.**
- 5) Water is provided during the industrial visit, Will not provide any refreshments / meals to the students & faculty.
- 6) Safety Precautions should be followed strictly and Student's safety is college responsibility.
- 7) Permission for maximum 105 students, 2 faculty only.

All the above suggestions / Instructions should be followed strictly and you can visit to our factory on 07.03.2020.

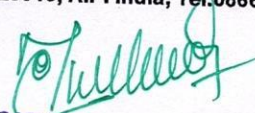

Thanks for showing & choosing interest on our company for industrial visit.

For Kusalava International Pvt. Ltd.

RECORD OF STUDENT INDUSTRIAL VISIT & THEIR FEEDBACK

Academic year: 2019-20

Semester: II

Date: 07/03/2020

Name and address of industry visited: Kuralava International Limited,
Adivinakkalam, Krishna dt

Date: 07/03/2020

Time Duration: 9:30AM to 3:00PM

Year / Semester: IV / II

Total No. of Students: 100

Name of the in charge and other Faculty who organized this Industrial visit: V. Bala chinna
Lingam, P. Tarun naga Venkatesh

Contact Person at Industry: Y. R. B. Prasad, HR

Visit related to the subject: Production Technology, Metal cutting and machine tools

During visit the students were taken to following Departments in the Industry;

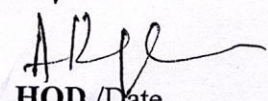

1. Casting
2. machining
3. Quality Control
4. -

Feedback obtained from the following students (enclose as annexure)

- 01 B. Shyam Abilash (17X41A0304) - Traditional moulding process.
- 02 D. Sai Ganesh (17X41A0207) - Good cooperation from staff
- 03 N. Sai Kumar (17X41A0321) - Machinery is very Good.
- 04 Vangapandu Vamsi (17X41A0344) - Great Practical environment
- 05 Abdul Jagan (18X45A0301) - good visual presentation
- 06 D. Yamini (18X45A0314) - CNC machines are good.
- 07 P. Sri. Naga Manikanta (18X45A0349) - Good Infrastructure.
- 08 M. Kumar Charan (18X45A0337) - Good Visual experience.
- 09 M. Lokesh Varma (18X45A0340) - Nice Exposure to machines.

PROGRAM REPORT

- Name of the Program** : Four week online course on "Introduction to Artificial Intelligence (AI)"
- Date / Duration** : Four weeks
- Resource Person** : Mr. Rav Ahuja, AI & Data Science Program Director, IBM Skills Network
- Name of Coordinator** : Mr. S. Nageswara Rao, Assistant Professor, EEE Department
- Number of Participants** : 13
- Program Objective** : The objective of this program is to educate the students about and what Artificial Intelligence (AI) is, its applications and how it is transforming our lives.
- Topics Covered** : The topics covered in this program are
- What is AI? Applications and Examples of AI
 - AI Concepts, Terminology, and Application Area
 - AI: Issues, Concerns and Ethical Considerations
 - The Future with AI, and AI in Action
- Program Outcome** : Students will learn about issues and concerns surrounding AI, including - ethical considerations, bias, jobs, etc. - their impact on society. This information helps them to have an informed discussion on the costs and benefits of AI, and reassure decision makers about implementing an AI solution.

PROGRAM REPORT

Name of the Program : Four week online course on "Getting Started with AI using IBM Watson"
Date / Duration : Four weeks
Resource Person : Mr. Rav Ahuja, AI & Data Science Program Director, IBM Skills Network
Name of Coordinator : Mr. S. Nageswara Rao, Assistant Professor, EEE Department
Number of Participants : 06
Program Objective : The objective of this program is to educate the students about Artificial Intelligence using IBM Watson and be introduced to several of Watson AI services from IBM that enable anyone to easily apply AI and build smart apps.

Topics Covered : The topics covered in this program are

- Watson AI Overview
- Watson AI Services
- More Watson AI Services
- Watson in Action

Program Outcome : Students able to understand how organizations can use Watson AI services and the types of situations in which each service applies and also learn about some case studies involving Watson AI.

- Name of the Program** : Four week online course on "**Building AI Powered Chatbots Without Programming**"
- Date / Duration** : Four weeks
- Resource Person** : Mr. Antonio Cangiano, Software Developer and Technical Evangelist, IBM Digital Business Group
- Name of Coordinator** : Mr. S. Nageswara Rao, Assistant Professor, EEE Department
- Number of Participants** : 05
- Program Objective** : The objective of this program is to educate the students about how to create useful chatbots without the need to write any code.
- Topics Covered** : The topics covered in this program are
- Introduction
 - Intents
 - Entities
 - Dialog
 - Deployment
 - Context Variables & Slots
 - Digressions
- Program Outcome** : Students able to learn AI powered chatbots without programming with Watson Assistant.

PROGRAM REPORT

- Name of the Program** : Five week online course on "The Arduino Platform and C Programming".
- Date / Duration** : 18-04-2020 to 22-05-2020.
- Resource Person** : Dr. Ian Harris, Professor, Department of Computer Science, University of California, Irvine, USA
- Number of Participants** : 36
- Program Objective** : The objective of this program is to educate the students about of Arduino Platform, C programming and to make the students able to real time applications with different types of Arduino boards .
- Topics Covered** : The topics covered in this program are
- Outline the composition of the Arduino development board
 - Install Arduino IDE Interfacing
 - the structure of an Arduino sketch
 - C Programming
- Program Outcome** : Students will learn how the Arduino platform works in terms of the physical board and libraries and the IDE (integrated development environment). Students will also learn about shields, which are smaller boards that plug into the main Arduino board to perform other functions such as sensing light, heat, GPS tracking, or providing a user interface display.

PROGRAM REPORT

- Name of the Program** : Eight week online course on "Programming for Everybody (Getting Started with Python)".
- Date / Duration** : 04-05-2020 to 26-06-2020.
- Resource Person** : Dr. Charles Severance, Clinical Professor, School of Information, University of Michigan, USA.
- Number of Participants** : 46
- Program Objective** : The objective of this program is
- To acquire programming skills in core Python
 - To acquire Object Oriented Skills in Python
 - To develop the skill of designing Graphical user Interfaces in Python
 - To develop the ability to write database applications in Python
- Topics Covered** : The topics covered in this program are
- Data types
 - Strings
 - Functions
 - Classes
 - Exceptions
- Program Outcome** : At the end of the course Students will be able to understand the basic principles of Python programming language, Implement object oriented concepts, Implement database and GUI applications.

Name of the event: Red Hat System Administration I (RH124) & II (RH134)

Date: 5-10-2020

Venue: 2nd floor BLC-4, Dept of CSE, SRKIT

REPORT

The CSE&IT department of SRKIT in association with **Red HAT** organised a five-day Red Hat System Administration I (RH124) & II (RH134)-2020 from 28th Sep to 2nd Oct 2020.

Red Hat, Inc. is an American multinational software company that provides open source software products to enterprises. Founded in 1993, Red Hat has its corporate headquarters in Raleigh, North Carolina, with other offices worldwide.

Red Hat has become associated to a large extent with its enterprise operating system Red Hat Enterprise Linux. With the acquisition of open-source enterprise middleware vendor JBoss, Red Hat also offers Red Hat Virtualization (RHV), an enterprise virtualization product. Red Hat provides storage, operating system platforms, middleware, applications, management products, and support, training, and consulting services.

The program highlights include

1. About the Linux and Linux related commands.
2. Explain about the files and Making Links Between Files and other operations on files (Ex: creating, viewing and editing text files etc.)
3. Describing User and Group Concepts regarding to Gaining Superuser Access, Gaining Superuser Access, Managing Local Group Accounts, Managing User Passwords etc.
4. Discuss about Monitoring and Managing Linux Processes, that means how to Listing Processes, Killing Processes, Monitoring and Managing Linux Processes.

The Department of CSE conducted program on "AWS Academy Graduate-AWS Academy Cloud Foundations". Certification program from 01-09-2020 to 07-09-2020 at 2nd floor, BLC-4 during 09:00 AM to 4:30 PM

In total 50 students of IV/I B.Tech attended the certification program. On the last day of the program few students gave their feedback on how the training sessions helped them in improving their programming skills on using MSTeams online. All of them completed final exam and received E-certificates.

Finally the course outcome is students are able to know AWS Global Infrastructure and cloud security methods, and how to use storage and update data bases.

NAME OF THE PROGRAM: Winter Internship Program at Bennett University

DATE: 02-12-2019 to 28-12-2019

REPORT

Winter Internship Program at Bennett University

Four week Student Internship program was conducted by Bennett University, Greater Noida from 02-12-2019 to 28-12-2019. Total of 200 students participated from various colleges throughout INDIA. 28 students from III CSE, SRKIT actively participated in the internship program. The students were accompanied by Mr N.Sudhakar Reddy, Asst. Professor in CSE Dept, SRKIT from Vijayawada to Noida till the accommodation was given and beginning of the workshop. In the return journey Mr M.V.Sumanth, Asst. Professor in CSE Department took them to Agra trip , local Delhi trip and back to Vijayawada.

First three days a workshop on Machine Learning and Deep Learning was conducted for the students. Students were formed as batches, every batch comprise of 4 members from different colleges. Each batch was assigned a Mentor (Faculty from Bennett University). Mentors gave ideas to students for choosing a project that to be done during the four weeks period.

Every day students need to meet their Mentor for discussing the status of the project and two reviews were conducted during the internship period for knowing the status of the project. At the end of the Internship the students demonstrated their AI project working models and gave presentation to the Bennett University CSE Department review Committee. After successful completion of their presentations they awarded prizes to three teams. Second prize was bagged by M. B. Abhinayana (17X41A0531) team and third prize by Ch. Divya Vani (17X41A0511) team.

Date: 12-07-2020

REPORT

Name of the Program: "Artificial Intelligence Using Visual Programming".

Date: 06-07-2020 to 10-07-2020

Timing: 10:00AM to 4:00 PM

Resource Person: Mr.M.V.Sumanth, Assistant Professor, PH.No:9985246246

Name of the Coordinator: Mr. T. Ganesh Kumar, Assistant Professor.

Number of Participants: 119

The Department of CSE conducted program on "Artificial Intelligence Using Visual Programming" workshop from 06-07-2020 to 10-07-2020 in online during 10:00AM - 04:00PM.

Due to the effect of COVID-19 lockdown, this program was conducted online through MS Teams. In the beginning of the program Dr. D. Haritha, HOD, CSE spoke few words about the importance of Machine Learning and how world is looking at Artificial Intelligence growth. She also quoted an example how researchers are looking forward for COVID-19 data sets for building Machine Learning models.

On the last day of the program few aspirants gave their feedback on how the training sessions helped them in understanding the concepts of Machine Learning and Deep Learning.

Objective:

This workshop helps students to learn:

- Basic Concepts of Machine Learning and Deep Learning.
- Implementation of Machine Learning concepts without writing programming code.
- Students get a clear idea on Classification, Clustering and Text Analysis.

Outcome of Event:

- ✓ Learnt using of Orange Tool.
- ✓ Learnt various Machine Learning algorithms.
- ✓ Learnt Basic Data Pre-processing techniques on text data.

REPORT

Name of the Program: “Artificial Intelligence Using Visual Programming”.

Date: 10th Feb, 2020 to 15th Feb, 2020.

Timings: 09:00AM to 4:30 PM

Resource Person: Mr.M.V.Sumanth, Assistant Professor, PH.No:9985246246

Name of the Coordinator: Mr. N.Sudhakar Reddy, Asst Professor.

Number of Participants: 129

The Department of CSE conducted program on “Artificial Intelligence Using Visual Programming” workshop from 10-02-2020 to 15-02-2020 at 1st floor, APSSDC Lab during 9:00AM to 04:30PM

The program was inaugurated by Dr.M. Ekambaram Naidu, Principal, SRKIT, Dr.D.Haritha, HOD, CSE and Mr. N.Sudhakar Reddy, Event Coordinator. Dr.M.Ekambaram Naidu inspired students by giving examples on how Artificial Intelligence is being used in present scenarios. Dr.D.Haritha motivated students to attend this kind of workshops and also instructed students to do certification courses on current trending topics which help in choosing good projects in final semester.

After completion of the final session, few students gave feedback on the workshop. Vote of thanks was proposed by Inavolu Sandeepya, second year student.

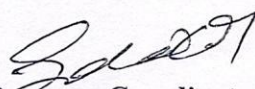

Objective:

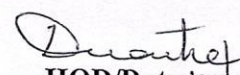

This workshop helps students to learn:

- Basic Concepts of Machine Learning and Deep Learning.
- Implementation of Machine Learning concepts without writing programming code.
- Students get a clear idea on Classification, Clustering and Text Analysis.

Outcome of Event:

- ✓ Learnt using of Orange Tool.
- ✓ Learnt various Machine Learning algorithms.
- ✓ Learnt Basic Data Pre-processing techniques on text data.

Report

Name of the Program: "Webinar on Essential for Setting up an AI/DL Lab"

Date: 17-07-2020 to 17-07-2020

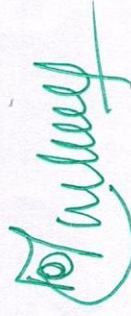

As part of MOU with Bennett University I was given the opportunity for attending the webinar on Essentials for setting up an AI/DL Lab. The speakers for the webinar were Gaurav Singal, Vipul Mishra and Sridhar Swaminathan from Bennett University. They explained three models for setting up an AI/DL Lab. In first model the cost of setting up the lab including NVIDIA DGY is Rs 1.12 crores. In Second model the cost is Rs 25,10,000/- + Intel Movidius NCS. In Third model the total cost including HPZ4 G4 plus Jetson Nano and Jetson Xavier Kit is Rs 10,00,000/-. This outline webinar gave overview of the equipment and cost required to establish AI/DL Lab.

Name of the Program: "Webinar on Designing Course Curriculum for B.Tech AI & DS"

Date: 27-07-2020

As Part of MOU with Bennett University the Zonal Institutions were given the opportunity to participate in webinar on "Designing AI and Data Science Courses Curriculum". The moderator for this Program is Dr. Madhushi Verma, Assistant Professor, Dept of CSE, Bennett University and Dr. Deepak Garg, HOD and Professor, Dept of CSE, Bennett University. They have given highlights on forming the syllabus for CSE with AI and CSE with Data Science courses. The discussion with various participants highlighted the subjects to be selected as AI Specialization as well as Data Science core and specialization elective subjects. This webinar helped to gain the knowledge on selecting various electives for those two courses in our R-20 Syllabus to be implemented in the coming years.

Name of the event: **CISCO Pool Campus Drive**

Date: 12-11-2019

Venue: SRKIT.

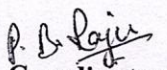

REPORT

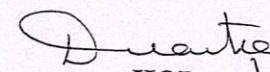

Education Skills, CISCO Central, India conducted a pool campus drive in SRKIT on 9-11-2019. A pool of 109 candidates across various engineering colleges of Andhra Pradesh were short listed for the final round interview organized in SRKIT. 11 students from different colleges were selected in the placement drive. Gayatri, N.Sowmya, M.Nandini of final year CSE, Sabiya Tabasum of final year IT of SRKIT were among the pool who selected as Consultant Engineer at CISCO. A team of 25 HR's took part in this pool drive and organized Technical, MR and HR round during the final phase of CISCO interview. The students will be working with as salary package ranging from Rs.12-14 Lakhs per annum at CISCO, Bangalore.

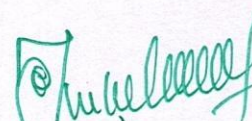

HR Manager Mr.Satish said the courses offered by CISCO Net Academy, Bangalore provides students a platform to upgrade themselves with emerging technologies that enriches them hands on experience, getting potential employment opportunities across the industry with highest salary packages.

Sri.S.AppaRao, Chairman of SRK Foundation, Sri.S.SriKrishna, Secretary of SRK Foundation, Principal Dr.M.Ekambaram Naidu congratulated the students who got placed and also Dr.D.Haritha, HOD of Computer Science Engineering for taking various initiatives and monitoring various training initiatives in collaboration with CISCO net academy.

Training and Placement Officer Sri A.SivaNageswaraRao, CSE Department placement coordinator Mr.P.BhagyaRaj coordinated the final round interview of CISCO at SRKIT.

Program Report

Date:17-8-2020

Name of the Program : "Introduction to IoT"
Duration : 9-12-2019 to 6-08-2020
Teaching Instruction : 9-12-2019 to 30-12-2019
Resource Person : Dr.D. Haritha
Mr.M. Naresh Babu
Collaborating Agency : CISCO Networking Academy
Topics Covered :
1. Digital Transformation
2. Devices that Connect to the IoT
3. Apply basic programming to support IoT devices
4. Prototyping Your Idea
5. Digitization allows business processes to automation
6. On hands projects using Raspberry boards, Arduino boards.
7. IoT Cloud computing M2M, LWM2M protocols.

Program Objective:

- Students learn about the Internet of Things and how it enables the Digital Transformation along with emerging technologies such as data analytics, artificial intelligence and the increased attention to cybersecurity

Program Outcome:

- Explain the meaning and impact of Digital Transformation.
- Apply basic programming to support IoT devices.
- Explain how data provides value to Digital Business and Society.
- Explain the benefits of automation in the digitized world.
- Explain the need for enhanced security in the digitized world

Program Report

Date: 17-8-2020

Name of the Program : "PCAP-Programming Essentials in Python"
Duration : 2-12-2019 to 18-3-2020
Teaching Instruction : 2-12-2019 to 27-12-2019
Resource Person : Dr.D. Haritha
Ms.J.Niranjani, Ms.M.Anitha
Collaborating Agency : CISCO Networking Academy
Topics Covered :

Basics I: Writing simple programs, operators – data manipulation tools, variables – data shaped boxes, strings and numbers.

Basics II: Making decisions in Python, relational operators, conditions and conditional execution, the elif clause, Python's loops, logic and bit operations, lists – collections of data, sorting.

Basic III: Writing functions, arguments, returning a result from a function, functions and scopes, practising with designing and writing functions, tuples and dictionaries.

Intermediate I: Using modules, working with math, random and platform modules, errors and exceptions, characters and strings vs. computers, writing four simple programs.

Program Objective:

- The aim of the course is to familiarize the student with general computer programming concepts like conditional execution, loops, Python programming language syntax, semantics, and the runtime environment, as well as with general coding techniques and object-oriented programming.

Program Outcome:

- Completing the course ensures that the student is fully acquainted with all the primary means provided by Python to enable to start own studies, and to open a path to the developer's career.

The exam is completed within the due date but the Program Instructor enabled the login for downloading the certificates from 8 May 2020

- Name of the Program** : "CCNA Routing and Switching"
Module 4: "Connecting Networks"
- Duration** : 10-2-2020 to 6-5-2020 & 5-5-2020 to 4-8-2020
- Teaching Instruction** : 10-2-2020 to 7-3-2020 & 5-5-2020 to 22-5-2020(Online)
- Resource Person** : Mr.T. Ganesh Kumar
Mr.G.Appa Rao Asst Professor, Dadi Institute of
Engineering and Technology. Phone No-8099388998
- Collaborating Agency** : CISCO Networking Academy
- Topics Covered** : 1. WAN Technologies and Network Services
2. Selection criteria of network devices and WAN Technologies
3. Network Requirements.

Program Objective:

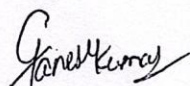

- Configure and troubleshoot network devices.
- Resolve common issues with data link protocols
- Implement IP's and VPN operations in networks.

Program Outcome:

- After completion of the course the student will be able to manage Network for an Organization
- The students achieved the entry level CCNA to produce empowered students who can design, install, and maintain networks, and who will be successful in the job market.

Program Report

Date: 17-8-2020

Name of the Program : "Advanced Programming in C"
Duration : 24-02-2020 to 16-06-2020
Teaching Instruction : 24-02-2020 to 14-03-2020
Resource Person : Dr.D. Haritha, Mr. M.V. Sumanth
Ms.Sk. Rehana, Ms.G. Keerthi
Collaborating Agency : CISCO Networking Academy
Topics Covered : Module 1: Evolution of C
Module 2: Handling variable number of parameters
Module 3: Memory and strings
Module 4: Internationalization I18N.
Module 5: Processes and threads.
Module 6: Floats and integers
Module 7: Network sockets – absolute basics.

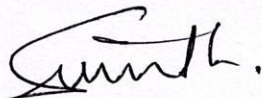

Program Objective:

- Familiarize the student with advanced programming techniques
- Present the coding and design tasks related to advanced topics of the C language
- Discuss the advanced libraries, programming of advanced data structures

Program Outcome:

- This course introduces the students to computer programming using the C language
- This course accomplishes coding and design tasks related to advanced topics of the C programming language, as well as advanced programming techniques, including the library functions and the usage of the pre-processor.

Program Report

Date:1-7-2020

Name of the Program : “CPA- Programming Essentials in C++”
Duration : 21-4-2020to 27-05-2020
Teaching Instruction : 21-4-2020to 19-5-2020
Resource Person : Mr. M. Naresh Babu
Ms. G. Keerthi, Mr.T. Ganesh Kumar, Mr. M. Rithvik.
Collaborating Agency : **CISCO Networking Academy**
Topics Covered :Module 1: Introduces common computer programming concepts.
Module 2: Discusses advanced flow control and data aggregates.
Module 3: Introduces the subject of pointers, functions, memory.
Module 4: Examines ways to access various kinds of data.
Module 5: Introduction to the fundamentals of OOP’s
Module 6: Discusses the subject of inheritance.
Module 7: Considers the subject of exceptions.
Module 8: Discusses the subject of operators, enumerated types.

Program Objective:

- Familiarize the student with the universal concepts of computer programming.
- Present the syntax, semantics and basic data types of the C++ language.
- Discuss the principles of the object-oriented model and its implementation in the C++ language.

Program Outcome:The student is able to:

- Create a vector, deque and list;
- Fill a vector, deque, and list with values;
- Remove values from collections (vector, deque and list);
- Create a map, set, multimap and multiset;

Collaborating Agency : **CISCO Networking Academy**
Topics Covered :1. Basic Device Configuration
2. Switching Concepts 3. VLANs
4. Inter-VLAN Routing 5. STP Concepts
6. Ether Channel 7. DHCPv4
8. SLAAC and DHCPv6 9. FHRP Concepts
10. LAN Security Concepts 11. WLAN Concepts
12. WLAN Configuration 13. Routing Concepts

Program Objective:

- Focuses on switching technologies and router operations that support small-to-medium business networks and includes wireless local area networks (WLAN) and security concepts.

Program Outcome:

- Students learn key switching and routing concepts. They can perform basic network configuration and troubleshooting, identify and mitigate LAN security threats, and configure and secure a basic WLAN

Background: According to E-waste management Act 2016 ,the disposal of E-waste is to take care only by authorized Recyclers/Dismantlers in Andhra Pradesh .Clean Earth Green Earth Solutions is an E-waste management company authorized by Andhra Pradesh Pollution Control Board and deals with collection and dismantling of E-waste by its Innovative and Eco friendly manner

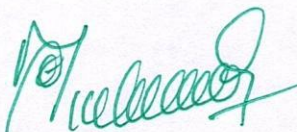

Purpose: This MOU is for collection and handling of E-waste in **SRK Institute of Technology** by **Clean Earth Green Earth Solutions** As per E-waste Management Act 2016.

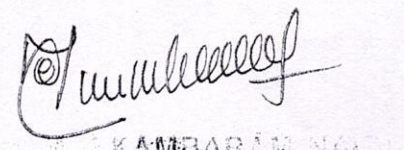

M/S Clean Earth Green Earth Solutions have agreed to the following terms and conditions

- 1) Waste Electronic/Electrical material will be purchased from **SRK Institute of Technology** at Rs 10/kg (including GST) (CPU'S Printers,Scanners,Batteries,Motors,SMPS,Photo copiers,Keyboards,Mouses,Cables,Projectors,Split and Window A/c 's,UPS,Servers,Cable Waste,other Electronic&Electrical items).
- 1) CRT/LCD/LED monitors will be purchased at Rs 50 per Piece
- 2) Disposable Charges for Tube Light Waste (Rs 120/kg) and Catridges (Rs 35/kg) to be borne by SRK INSTITUTE OF TECHNOLOGY.
- 3) Form-6 & Form -2 shall be issued by M/S Clean Earth Green Earth Solutions at the time of lifting and the same shall be signed by SRK INSTITUTE OF TECHNOLOGY
- 4) Disposal certificate will be issued within 15 days after the safe disposal by M/S Clean Earth Green Earth Solutions
- 5) E-waste lifting Dates will be given seven days before the schedule.
- 6) Packing and transportation of your E-waste is M/S Clean Earth Green Earth Solutions responsibility
- 7) All the E-waste records of SRK INSTITUTE OF TECHNOLOGY will be confidential.
- 8) All payment Should be in the name of M/S Clean Earth Green Earth Solutions .

The payment of your E-waste will be given within 3-5 working days in the form of NEFT/RTGS by M/S Clean Earth Green Earth Solutions to

G. BHUVANESH

PRINCIPAL
SRK Institute of Technology
ENIKEPADU, VIJAYAWADA-521 108.

KAMBARAM NAIDU
PRINCIPAL

SRK INSTITUTE OF TECHNOLOGY

- 9) M/S Clean Earth Green Earth Solutions will give all necessary certifications and bills as per your requirements
- 10) M/S Clean Earth Green Earth Solutions will also give a presentation on E-waste Management to SRK INSTITUTE OF TECHNOLOGY staff and students (Presentation can be given on prior notice of two weeks at no extra cost)
- 11) This MOU is effective upon the day and date last signed and executed by the duly authorized representatives of the parties to this MOU
- 12) Agreement is For a period of three years from the date of signing the agreement
- 13) The Price agreed is applicable for a period of three years from the date of signing the agreement
- 14) Three months notice from either side to be given to terminate the MOU
- 15) All legal aspects will be under Vijayawada jurisdiction only.

SUB: INTERNSHIP COMPLETION LETTER

This is to confirm that Ms. **DUSANAPUDI SIVA PARVATHI, 18X41E0010** attached to Finance Department while undergoing Internship with the company from 04/11/19 to 16/11/19 (2 Weeks).

Ms. DUSANAPUDI SIVA PARVATHI did an excellent job in his assigned role. During his internship period with us, we find her a person who is reliable and able to ensure the assigned tasks are completed in a timely manner. She would be an asset to any employer and I strongly recommend her for any endeavour she chooses to pursue.

Thank you.

Yours faithfully,

For INDIRAA FOODS
